Principal: Mr J. G. Maher, M.A.

July 2021

Dear students, parents and carers,

I am writing regarding the University Admissions Tests that are required by some universities and/or for particular courses.

Oxford University and Cambridge University require students to take admissions tests in a number of subjects and other universities require admissions tests for certain courses such as Medicine, Dentistry, Veterinary Science, Maths and Law.

Some of these tests cannot be taken at a school centre, but instead at designated testing centres in the UK. Often driving theory test venues offer these tests.

We have made enquiries with test centres in the Bristol area and found that the cost varies quite considerably. Please find attached a list of centres within the Bristol area and their prices. We are able to offer financial support for students in receipt of the Sixth Form Bursary Fund and this can be arranged via Mrs Barton.

It is important that students are aware of the approaching deadlines for registration for these tests and that they are proactive in booking them. It is their responsibility to ensure that they book them, though we are of course able to support students in doing this. The attached sheet indicates the registration and exam dates, many of which open in the summer holidays.

Any student wishing to take one of these tests should see Mr Sutton or their tutor for support in accessing preparation resources.

Yours sincerely,

Mr N Sutton
Acting Director of Sixth Form
