

St Bede's Catholic College

Publication Scheme

This is St Bede's Catholic College Publication Scheme

For information available under the Freedom of Information Act 2000

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 is that public authorities should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form. Some information is available on our website to download and print off.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. College Aims

1. Promote Catholic values
2. Secure and celebrate achievements
3. Develop high self-esteem and confidence in all pupils
4. Provide learning opportunities which will prepare pupils for their future

This publication scheme will in part support us in achieving these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- (i) *College Prospectus* – information published in our prospectus.
- (ii) *Governors' Documents* – information published in the Annual Accounts and in other documents.
- (iii) *Pupils & Curriculum* – information about policies that relate to pupils and the curriculum.
- (iv) *College Policies and other general information.*

4. How to request information

If you require a paper version of any of the documents within the scheme, please contact the College by telephone, email or letter. Contact details are set out below **(or you can visit our website at www.stbedesc.org)**

To help us process your request, please clearly mark any correspondence **"PUBLICATION SCHEME REQUEST"** in CAPITALS.

If the information you're looking for isn't available via the scheme, you can still contact the College to ask if we are in a position to make it available.

5. Paying for information

Information published on our website is free, although you may incur costs from your Internet service provider. If you don't have Internet access, you can access our website using a local library or an Internet café.

Single copies of information covered by this publication are generally provided for a fee of £10.00, unless waived at the College's discretion. If your request means that we have to photocopy, print, pay a large postage charge, or if you request a priced item such as some printed publications or videos, we will let you know the cost before fulfilling your request. Generally a charge will be made if administrative time is spent collating and/or producing the information requested. Data will not be provided electronically unless it is already in that format and then can be transmitted securely.
