## BERLIN TRIP 2016

Thirty eight Year 11 GCSE History pupils set off on a four day visit to Berlin during the Easter holidays. The foci of the visit was Nazi Germany, the Holocaust and the Cold War. The weather was wonderful.

The first evening in Berlin was spent visiting the Dome of the old Reichstag building. Pupils had a busy schedule the following day as they toured The Story of Berlin Museum and the municipal bunker built for Berliners during the Cold War. This was followed by a walking tour of Berlin, where we saw the Brandenburg Gate, Topography of Terror, Checkpoint Charlie and the Jewish Memorial and Museum.

The most poignant parts of the trip were a visit to the concentration camp at Sachsenhausen and an informative self guided tour of the Wansee Villa, where the Final Solution for the extermination of the Jews in Europe was agreed. On a much lighter note, we explored the 1936 Olympic Stadium, where Jesse Owens won four gold medals.

On the morning before we left Berlin, we visited the Palace of Tears, where relatives from the West would say goodbye to loved ones in the East, in the immediate period after the Berlin Wall was built.

The trip was extremely thought provoking but there was time for lighter moments, and a little retail therapy. Curry Wurst is now a firm favourite amongst some Year 11 pupils and many have developed a taste for the finest quality chocolate from the beautiful Fassbender-Rausch chocolatiers!

### ATTENTION ALL YEAR 10 HISTORY GCSE PUPILS

Next year's trip to Berlin is now being advertised.

Deposits are due by 28th April.

If you would like a letter about the trip, see Mrs Lewis.

## ECO FASHION COMPETITION

At the start of Term 4, Year 9 Textiles groups took part in a design competition. The project was based on Eco fashion; we discussed issues to do with recycling and the environment and how we could use recycled materials to make clothing and accessories.

Working in small groups, pupils designed and made their fashion pieces, many working through their lunchtimes and at home. In three weeks, each group had made their piece and were asked to present their work to be judged by the Art Department.

We were astounded by all of their efforts and so choosing a winning piece was very difficult.

Congratulations to the winning team: **Athea Watson, Heidi Price, Jade Hutchinson** and **Vitoria Mascarenhas De Macedo**. Each received tickets for the Bristol Fashion Show at The Mall.

### SPOTLIGHT ON SAFEGUARDING

Did you know? By the age of eleven, the average British child will have spent the equivalent of three whole years of their life 24/7 in front of a screen. One in three of toddler age children have used a smartphone or tablet before they can even talk. For most of our young people, technology is now part of their lives and has lots of benefits, but it is well known that you can have too much of a good thing. The first dedicated Technology Addiction Service for young people has just opened in the UK and they are seeing first-hand the negative effect that overuse of digital technology can have on families.

So how can we keep our screen time in check?

Here are some top tips; Try and keep an eye on how much time is spent online. The recommended daily time is no more than 2 hours a day. Make an agreement to turn off the computer or smart phone at the same time every night or set limits on using devices until other activities including home learning have been done. Suggest or organise activities to make it more appealing to spend time offline. Charge devices outside of bedrooms at night so no one has their sleep disturbed. Perhaps turn off Wi-Fi at night. Know what devices connect to the internet in your home and how to use parental controls: be aware of access to the internet via a neighbour's Wi-Fi. Adults set a great example when in front of children by restricting their own access to mobile technology.
